## JOHN BAILEY TRIAL AT MT. VERNON CREATES INTEREST

The trial of John Bailey, of Fount accused of the death of Beverly D. White at Heidrick Depot some months ago, created much interest not only here, and in Mt. Vernon, but over the State at large as the daily press has reported every move in the legal fight made by both sides.

The prosecution attempted to prove that Beverly D. White was peacefully bent on getting home after a visit to Clay County, following an illness at the Mayo Hospital, Rochester, Minn. Also that John Bailey killed White in cold blood. The prosecution asked for the extreme penalty of the law.

The defense pleaded self defense, endeavoring to show that White attempted to draw his gun on John Bailey and that the latter, in fear for his life fired the fatal shots.

A long string of legal talent led the prosecution consisting of Judge B. B. Golden, J. S. Golden, County Attorney of Knox County, J. Floyd Byrd, of Lexington, Leonard Berthum, of Mt. Vernon, the County Attorney of Rockcastle County, and Walter Flippen, prosecuting Attorney of Somerset.

The defense consisted of H. H. Owens and R. N. Jarvis, Barbourville Attorneys, and C. C. Williams, of Mt. Vernon.

Impassioned pleas were made by both sides before the jury retired on Tuesday.

On Wednesday, the 31st, the jury brought in a verdict of murder in the first degree with penalty of life imprisonment in the State penitentiary. Motion for a new trial was immediately filed, thus suspending execution of the sentence for sixty days. Bailey was ordered taken to the county jail at Danville for safe keeping. The prisoner took the verdict calmly.

## CAWN FAMILY RETURNS

Mr. and Mrs. Sam Cawn and family have returned from a pleasant trip to Baltimore and New York. In the latter city Mr. Cawn bought many fall and winter dresses, coats, suits, etc., as well as other merchandise with which to satisfy the great number of people who frequent the new York Store. Mr. Cawn has found a growing optimism along the lines of business and feels that the future is bright. Much of the stock above mentioned has already arrived and patrons of the store are cordially invited to drop in and make their selection of the new merchandise.

## MARRIAGE LICENSES

James Mayors and Georgia King. Edward Frazier and Rosie Lee Lou, Keywest, Fla.  
Frank Miles, Warren, and Fannie Alford, Lay.  
Finley Riley and Fannie Smith, Emanuel.  
John Chealey and Tama Gregory, Artemus.  
Homer Buller and Lizzie Clark. Edgar Pritchett and Mary Owens. James Burgess and Laura Tuggle.

## THE LAW AND ORDER MOVEMENT

As an evidence of the interest felt in the law and order movement in the Mountains, it is worthy of note that several editorials on the subject which have appeared in the Advocate, including also the account of the mass meeting recently held in the court house, have been copied by several newspapers of the Mountains. The Pineville Sun, which carries great weight in that section, copied verbatim the editorial run two weeks ago entitled, "Law and Order is Asked for by Voters of Mountains."

It is a cheerful sign that the news papers have set their columns aside for bringing home to the people the fact that crime and lawlessness generally can be curbed. It means the strengthening of the hands of the courts, including prosecuting attorneys, judges and juries.

The Constitution of the United States makes it a law that the rights of a minority may not be done away with by a majority and the rule certainly applies that a minority may not abrogate the rights of the majority to live in peace and quietness, to worship God according to the dictates of conscience without the rude and violent interruption of hoodlums who fear that applied religion will lead to the breaking up of their nefarious practices.

As we have before said, a brighter and happier condition is coming to the Mountains, when murder, boot legging, moonshining and their attendant evils shall cease. Let the good work go on. Already the effects of the campaign may be noticed in increased quietude and a greater respect for those laws which are based on equity and righteousness.

Hereafter, the man who believes he is a law unto himself and may break, evade, or nullify the laws that are respected and obeyed by the majority, will find that those laws will crush him. When this is done a great economic development will take place in the Mountains and investors, who are now deterred by the lawlessness, will invest their money in this section.

It is said that not long ago two wealthy business men came to a Mountain County to purchase mines. During the night they heard so much shooting and general lawlessness that they took the first train home. They were not willing to risk their own lives or the lives of their subordinates where law was an individual matter.

Can we blame them?

## BROTHER OF HOMER RODEHEAVER KILLED

Jack Rodeheaver, younger brother of Homer Rodeheaver, noted singer with Billy Sunday, was killed in an airplane accident at Winona Lake, Ind., where the famous evangelist is holding a Bible conference, according to information just received here.

Young Rodeheaver frequently helped his brother by singing during the meetings and was a very promising young man and well known here having relatives at Jellico, Tenn.—Middlesboro Daily News.

## TWO YOUNG GENTLEMEN SEE PART OF THE WORLD

Columbus, discoverer of America, would have remained unknown had he not dreamed dreams of other worlds beyond the shores of Europe, and knowing what we now know, there was no good reason why there should not have been other lands beyond the horizon. Anyway, he proved it. As a consequence he will be talked about when the biggest toad in the Barbourville puddle has been lost sight of. Sir Walter Raleigh, courtier and explorer, brought to us spuds and the soothing weed and a larger knowledge of geography. Capt. Kidd, famous or rather infamous buccaneer, suffered from the wandering habit and blithely sailed the seven seas in quest of adventure and the lure of gold.

It is a part of the human makeup and had it not been for this wandering streak the Angles and Saxons would not have invaded Britain and made England, which, in turn, would have meant that the descendants of these Viking warriors would not now be in peaceful possession of Knox County.

This brings us to two latter day wanderers, Alex Bullock and Otto Cannon. These excellent young gentlemen have the same streak in them and when the lure of the great outside became too strong they boarded a train for the big city of Chicago to woo fame and fortune. However, they did not reckon with the stubborn fact that there are many young gentlemen like themselves in Chicago who are also bent on showing that the world is nothing but an oyster to be opened at leisure and anyway, 13c is a small amount with which to storm Chicago, even tho it was once practically destroyed by the kick of a cow which was worried by a fly. Hence, the young gentlemen are home once more and are enjoying three fillers a day. They have tried their young wings as it were and are now strong they are.

Who can tell what destiny may hold in its hand for them? Barbourville has produced some great men. It will produce more. Alex and Otto may be among them. Who knows?

## FOUR MEN, FOUR GUNS TAKEN WITH BIG STILL

When John Wilson, Jim Waggoner and H. J. Miracle took a peep at a fine looking still outfit up Clear Creek Saturday night, they figured that in a few hours it would be working. They guessed right and Sunday morning caught Ben Hull, Will Jackson, Otto Barnett and Ed Hubbard, against whom they placed a charge of operating a moonshine still. With the men they brought in an \$80 gallon copper still, two shotguns, a 45 pistol and a 32 winchester. They destroyed several barrels of mash and beer.

The men were bound over to the grand jury when brought before Judge Vanbever and released on \$500 bond.—Pineville Sun.

## PRESBYTERIAN MANSE DAMAGED BY \$2000 FIRE

MIDDLESBORO, Aug. 26.—Fire of unknown origin, but supposedly from a defective wiring, caused damage to the Presbyterian manse last night of approximately \$2,000 besides the loss of a quantity of wearing apparel and damage to household goods.

Dr. Gray and family were away from home at the time of the fire, which was discovered by Mr. and Mrs. George Veal. The fire department responded promptly and extinguished the blaze. The principle damage done was in the order part of the manse, tho the newly finished section will have to be repaired. Dr. Gray's working library was destroyed which is a considerable loss to him, and one that will be hard to replace.

The building was covered by insurance but the household goods were not. Work of repairing the damage is expected to begin at once.—Middlesboro Daily News.

## LOGAN INFIRMARY

Clarence Banks, of T. W. Minton & Co., is ill at the infirmary. Miss Lennie Carr, head-nurse at the infirmary, had her tonsils removed last week.

If you want the best for your children send them to Union College.

## CORBIN TO HAVE NATURAL GAS

J. V. Howard, of Chatham, Ontario, Canada, representing R. L. Patterson and associates, is in Williamsburg for the purpose of perfecting plans for laying the natural gas line pipe from mthsis city to Corbin. The work will be commenced at an early date. Mr. Howard will be joined in a few days by other members of the company and the work will be pushed to completion as rapidly as possible. The pipe will be an eight inch bore, sufficient to supply commercial and domestic purposes. While the distance to Corbin is only about 18 miles, yet it will require at least fifty miles of pipe to cover the over route distance and make the numerous connections in Corbin.

Mr. Howard stated that he found conditions in this field very satisfactory and a plant would be installed at once.—Whitley Republican.

## MINTON'S SADDLE HORSES AT THE SHELBYVILLE FAIR

Shelbyville is the county seat of Shelby County, 35 miles east of Louisville, and has always been considered one of the best counties for a good fair in the State of Kentucky. They have a large amphitheatre surrounding the show ring entirely, with a seating capacity of 10,000 people and this was filled every day. Plenty of stalls for cattle and horses there being over 200 box stalls. Also large sheds for hogs and, in fact, a well equipped fair grounds. The management stated they would get out of debt this year after having such a large daily attendance. The \$1,000 Saddle Stake on Thursday was the leading attraction of the Fair. R. B. Minton and Mrs. Nola Minton Viall drove from Barbourville to Shelbyville in nine hours in Basset's little racing car, especially to see the big show.

When the ring was called eight horses entered, all being wonderful animals. Lucile won fourth place giving her \$125. Her performance was a great disappointment to her many admiring friends, as she did not make the show they expected like she had been making for the past two years, lacking the dash and snap she is noted for. Every one knew something was wrong and after the show it was discovered she had a high fever and was a very sick animal and should not have entered the ring at all. Lucile is a universal favorite with every one thru the central part of the State, and every one knows her. A horse must be well and "in the pink of condition" to make the right performance.

Our winnings at this Fair besides Lucile were: Verda won first for saddle mare 4 years and over; Gladys won first in the Model Ring, also first in Fancy Harness Ring, and third in the Sweepstake Combined Ring.

We were well pleased with the courtesies extended to us by the Fair officials and especially Mr. J. S. Zaring, the President, and they all made us feel at home and welcome. We had dinner with some of the officials every day on the grounds, and on Thursday we had the pleasure of having dinner with Mr. and Mrs. Zaring and their friends and meeting many old acquaintances, including Mr. and Mrs. Buford VanArsdale, of Harrodsburg.

Our horses will show this week at Hogenville, Ky., next week at Bowling Green, Ky., and then to the State Fair.

T. W. MINTON.

## GAS SHOWING IN OIL PRODUCING SAND

Showing of gas in the well being drilled on Straight Creek by the Pineville Petroleum Company put some broad smiles on the stockholders Wednesday and oil may be expected at any time, according to Mr. McFarland, in charge of the work. The most recent showing was in a 30 foot sand, 400 feet down, next above the Jones sand, the oil producing sand in the Knox field. Late on Wednesday they drove the drill thru 70 feet of black shale into the Jones sand, about 500 feet, in which they hope to make an oil strike.

The company is drilling now in its second hole, all of which has been done since August 15, the first hole having been lost after they had gone down 250 feet.—Pineville Sun.

## NATIONAL GUARD BOYS ENJOYING CAMP LIFE

C. R. Davis, of the National Guard is back and is delighted with his experience. Drill consisted of preliminary instruction in rifle firing, following later by actual firing, witnessing sham battles, including firing at paper balloons, sham fights, including hand to hand fighting. One of the home boys who proved to be a natural rifle shot, was George Tye, son of W. M. Tye, who made seven bulleyes in ten shots at 600 yards. Cager Tye made eight bulleyes in ten shots at 200 yards. C. R. Davis made seven bulleyes out of ten at 300 yards. Mr. Davis says it is a splendid experience and is fine for young men. He had to come home to attend to the business end of the Barbaourville Supply Co. as Capt. R. H. Newitt had to stay being in command.

## INFORMATION WANTED OF MISSING MAN

Stoneleigh Court, 46th and Walnut Sts., Philadelphia, Pa.

My dear Bishop Burton:— I am writing to you on behalf of Mr. B. L. Harsell of Bedford, N. Y., who has not been heard from for six months.

Mr. Harsell started out with the intention of hiking the Clinch Mountains, avoiding beaten paths, traveling thru the Carolinas and Tennessee to Jasper, Georgia. He was in perfect physical condition, weighing 220 pounds and stood 6 feet 2 inches. Mr. Harsell was 46 years of age, florid complexion, and light hair; dressed in outing clothes suitable to his journey.

His family and friends have so far searched in vain and are now appealing to some of the Bishops and Clergy who are familiar with that section of the country hoping possibly you may be able to suggest some method which is as yet untried.

If you will kindly advise with me regarding the best means to institute a search in those Southern Mountains I shall be greatly obliged. I am a clergyman's widow, and deeply interested in this case.

Very sincerely,  
Mrs. Ellen Sheldon Woodle.

## FLAGRANT USE OF MONEY CHARGED

Nearly everything prohibited in the corrupt practice act is charged, by F. F. Acree, defeated candidate for the Republican nomination for Commonwealth's Attorney in a contest notice and petition filed in the Bell Circuit Court Tuesday, asking the court to declare null and void the certificate of nomination issued to Captain B. B. Golden, to adjudge Acree the legally nominated party candidate, or if the court cannot find either to have been legally nominated, to declare the nomination open.

The contest was filed by Hall, Jones & Lee and Stewart & Park, the petition warning Captain Golden that he must appear in the office of the Circuit Court Clerk next Tuesday morning at 10 o'clock to make answer and defend the contest. Judge W. T. Davis, a relative of Captain Golden, declined to hear the contest case and Dick Wilson, circuit court clerk, has telegraphed request to Governor Morrow to designate a special judge to pass on the contest.

Dick Wilson was in receipt of a letter Thursday from Governor Morrow advising that he is making every effort possible to find a judge who can be here next Tuesday to hear the case.

Captain Golden and J. S. Golden, attorney in the Bailey trial at Mt. Vernon, have not been in town since the contest was filed and no statement from them has been available. Lynn Golden, associated with them in the campaign, says the contest is of no serious importance and that he thinks his father will gladly try it out on the issues raised.—Pineville Sun, Friday, Aug. 26.

## LADIES AID OF THE CHRISTIAN CHURCH

The Ladies Aid of the Christian Church met in regular session on Friday, August 19th, with W. F. Amis as hostess. Society was called to order by the president. The 13th chapter of Acts was chosen as the scripture lesson. Eleven members responded to roll call and after the reading of the minutes the business of the afternoon was taken up. It was decided that instead of having the "annual dollar social" to have a social on Hallowe'en Night which is the last of October. This will be held at the Jones Hotel and all who can come are invited. Further notice will be given in regard to this.

After adjournment the hostess, assisted by Mrs. Leslie Logan and Miss Myra Amis, served delicious ice cream and cake. All left saying this was one of the best meetings held this year. The next meeting will be on Friday, Sept. 9th, with Mrs. Charlie Jones and all members are urged to be present if possible.

## RED CROSS DRIVE FOR MEMBERSHIP

Miss Effie Jump will be at the Fair and will use a tent as a rest room and for giving health talks to Fair patrons. A Red Cross Membership Drive will be put on while the Fair is in progress.

## THE DIFFERENCE

You have often heard words of praise for the busy bee. Ever hear anyone whooping it up for the yellow-jacket? The reason the bee is praised and the wasp is "swatted" is because the bee saves. A yellow-jacket can be just as busy as a bee. If you don't believe that just fool with one some time and see. It's the saving habit that makes the honey. If you have formed the saving habit, our bank is the place for your savings, for they are always secure with us, but subject to your check.

DON'T USE THE PRESENT  
TENSE, BROTHER

The Middlesboro Three States is  
responsible for the following three  
editorials:—

"Crime has become so corrupt in  
Knox County, Barbourville citizens  
were forced to organize a 'Law and  
Order League.' Well, they do a lit-  
tle good as long as they last, but the  
trouble is they don't last long  
enough."

"The last ultimatum issued by the  
moonshiners and bootleggers to the  
constituted authorities is, 'Join us  
or go west.'"

"Last year we had our reign of  
lawlessness in Middlesboro. From  
reported killings in nearby sections  
the disease is spreading."

In the first one Three States talks  
as tho we are just now having our  
troubles in lawlessness, when, as a  
matter of fact, the condition of Knox  
County shows a wonderful improve-  
ment in peace and quietude over a  
year, or even some months ago.

The Sheriff's office and the Courts  
are working like well oiled machines  
and the Law and Order League has  
been one of the big factors which  
has accomplished the result. It has  
now functioned over two court ses-  
sions and during the periods when  
court was not in session.

It may safely be said that the re-  
sult of the first week's trials has  
served notice on the moonshine man-  
ufacturer and vendor that they may  
expect no mercy from the courts.

We believe the Law and Order  
League has come to stay, at least un-  
til a quiet and peaceable habit is  
formed among those who have hith-  
erto been the protagonists of law-  
lessness. The Law and Order League  
has proved it can be done and will  
not look backward or take its hands  
from the plow until it completes the  
task it set out to perform.

The juries are not receiving ulti-  
matums from the moonshiners or  
bootleggers to "Go west or join us."  
On the contrary, they are saying to  
the gentlemen mentioned,—" \$300  
and sixty days in jail. Next!"

We are pleased to note that Mid-  
diesboro is practically free from  
crime of this sort. It is a hopeful  
sign of what can be done in a year,  
tho we hope the Law and Order  
League of that charming city is still  
alive and taking nourishment. Don't  
let a good thing die "when the dis-  
ease is spreading." Inoculate, as  
Knox County has done.

Above all, don't use the present  
tense when speaking of lawlessness  
in Knox County. A better day has  
already dawned for us.

Akron Man Declares the Way  
Tanlac Helped Him is Noth-

"Tanlac certainly hits the nail on  
the head, for the way it has helped  
me is nothing short of wonderful,"  
was the statement made by E. L.  
Corwin, 389 E. Thornton St., Akron,  
Ohio, well-known carpenter.

"Some months ago I lost my appe-  
tite and got to where I could hardly  
look at anything to eat without get-  
ting sick. I seemed to get no  
strength from what little I did force  
down, for I was so weak I could  
hardly pick up a hammer. My kid-  
neys bothered me a great deal and  
my back hurt so bad it was torture  
to be stooping over and straighten-  
ing up."

"Noticing in the papers so much  
about Tanlac I decided to give it a  
trial, and it certainly has done fine  
work for me. Why, I never had  
such an appetite before in my life,  
and I haven't an ache or a pain of  
any kind left. Tanlac is the best  
medicine I've ever tried, and I'm  
only too glad to say a good word for  
it."

## KING NEWS

Corn crops around here are look-  
ing fine as a result of the numerous  
rains we have been having lately.

J. T. Pope, a former citizen of  
Knox County, is visiting his daugh-  
ter Mrs. W. R. Vaughn.

H. M. Prichard, Orange Prichard  
and James Leger attended the East  
Union Association which held its  
session at Gatlin Aug. 25 and 26.  
All report a fine meeting and say  
that the reports from all churches  
were better than usual.

The Chautauqua at Logan Gap  
last week was a success in every  
sense of the word. We had with us  
the four days Mr. Spence, Miss  
Paulson and Miss Brownlee who  
proved themselves to be willing,  
worthy and capable of rendering  
every program interesting as well as  
instructive both to young and old.  
Then in addition to these we had  
Prof. Herslie who gave a much  
valued lecture Tuesday night on  
"The Mysteries of Life." On Wed-  
nesday night Prof. Jesse Baird gave  
a lecture on "As a Man Thinketh,  
so is he." This lecture certainly  
was appreciated by all who heard it.  
On Thursday night Prof. McAllister  
gave an instructive lecture on Rural  
School Problems and how to remedy  
them. We also had a splendid talk  
by Prof. Curry on Christian Educa-  
tion which certainly did strike the  
key note as to the needs of this sec-  
as well as other sections of this  
county. We also had a fine lecture  
Friday evening by Mr. Selards from  
the State Extension Department, on  
swine growing, feeding, curing of  
meat etc., which was certainly  
enjoyed by a large number of Club  
members and farmers who are in-  
terested in the old sow and her off-  
spring.

We also had a fine address given  
by Miss Jump which was very help-  
ful to all who heard it. We certainly  
are very thankful to all the lectur-  
ers who so gladly rendered their  
service to us, but are also thankful  
to the people of the surrounding  
country for their hearty co-operation  
in carrying out this meeting. As a  
proof of this co-operation we had  
the teachers of eleven schools pre-  
sent, most of whom brought most of  
their students with them. So we  
sure did have some crowd. We hope  
that all these lecturers will come  
back some time and that the people  
will show their appreciation of their  
return by giving them a larger crowd

in attendance.

Mrs. George Sharp is very sick  
but is reported to be improving.

W. H. Davidson, the "school at-  
tendance officer," attend the Chau-  
taquua at Logan Gap last week and  
made an instructive talk.

Rev. J. E. Prichard is conducting  
a revival meeting at Lay school  
house.

Sunday was church time at Mac-  
key Bend and a large crowd attend-  
ed.

T. C. Sharp and James Warfield,  
will ship a fine bunch of cattle to  
Richmond, Ky., this week.

Born to Mr. and Mrs. T. H. Elliott,  
a fine boy.

Everybody is getting ready to go  
to the school and Agricultural Fair  
October 7 and 8 at Union College.

## KENTUCKY NEWS ITEMS

Condensed News of Interest From All Parts of the State

**Semenet.**—Work has been started on the Stanford jute at Eubank, contracts for 62 miles of which were let by the State Highway Commission on July 28. The work is to be completed by December, 1922.

**Hazard.**—Efforts are being made here to locate Louis Pappalme, an aged plasterer, who disappeared. He was last seen going through a railway tunnel with a negro. He is said to have a son or a daughter in Cincinnati.

**Winchester.**—Manufacturing plants here have reopened, following heavy rains, resulting in a three-foot rise of water in the local reservoir. The plants were shut down when the water supply ran so low, due to the drought, that factories were cut off.

**Campbellsville.**—Clyde Logan, 27, farmer, was wounded in both arms when fired upon by Fred Gray, neighbor, three miles west of this city. Gray was riding a horse and came upon Logan driving a buggy. He rose in the saddle and fired two charges from a shotgun, later escaping.

**Ashland.**—A housing corporation to insure this city enough houses to care for the present and expected future population has been formed by the Chamber of Commerce. The corporation is to have a capital stock of \$300,000 and will buy land and build homes to be sold at an ultimate cost of \$3,500 to \$5,000.

**Ashland.**—Proposals for the consolidation of Ashland and Catlettsburg into one municipality have been dropped for the time being, it is announced here. A joint committee of four men from each city made an investigation and reported that many citizens of Catlettsburg were opposed to the plan at this time.

**Shelbyville.**—Shelbyville may have a woman "squire" if the Democrats win the magisterial election in this district next November. Mrs. Elizabeth M. Willis was nominated by a plurality of 125 votes over J. M. Donahue and E. M. Beckham, and will have a place under the Democratic emblem on the November ballot.

**Paducah.**—"If my wife doesn't love me, that's all right," Charlie McCutcheon told County Judge Lang, in announcing that his bride of eleven days had run away with A. L. Rotes, an acquaintance, but he declined to extend the philosophy to the loss of a suit of clothes and \$5, which Rotes also purloined. He procured a warrant and seeks service in St. Louis. McCutcheon is a prosperous farmer.

**Bowling Green.**—A fractured skull received in an automobile accident caused the death of Charles Jerome Fulton, 42, oil contractor. He was born in Missouri and leaves a widow, formerly Miss Mae Alter, and one daughter, Daisy, age 10. His cousin, Fred Fulton, was burned to death on August 18, 1920, when the oil well on the Kelley-Whittaker lease near Rockfield, this county, caught fire.

**Lexington.**—The Burley Tobacco Marketing Association will have completed its organization by November 15, in the opinion of Joseph Passeneau, and will be in shape for business this year. This opinion was expressed here in a statement on the progress of organization work which has been going on throughout the summer. Approximately 20,000,000 pounds of the 1921 crop already has been pledged in fifteen counties.

**Murray.**—Hazel has committed "the unpardonable sin." The Rev. Mr. Hawley, pastor of the Baptist church at Hazel, Ky., a few miles from here, has resigned his charge, and a deacon is said to have left town as a protest against a skating rink which was opened there recently by a chauntanqua company. The Rev. Mr. Hawley preached a vigorous sermon against the "evil." He denounced the rink as "Hazel's unpardonable sin."

**Murray.**—Injured by an iron-pointed spear thrown by a companion, Harry Hughes, 15, of Paris, Tenn., was brought to the Mason Hospital, of this city, in a serious condition. With a group of children the Hughes boy was taking turns pitching the spear, made from a rake handle and piece of steel at a wooden block. The boy ran across the path of the missile as another boy buried it, the steel point striking the left temple and penetrating the skull. Physicians think the child will recover.

**Louisville.**—Crashing through a gate into the path of a northbound Illinois Central passenger train, a big sedan, driven by Albert Smith, 38, chauffeur for the Central Taxicab Service, 422 Center street, was hurled fifteen feet against a telephone pole at Fourteenth and Walnut streets, Smith suffering bruises to the head and left hand, and Albert Bailey, 22, Taylor boulevard and Cardoni avenue, a passenger in the automobile, who received cuts and bruises on the head and left hand, were taken to the City Hospital in Central Police Station machine.

**Frankfort.**—A warrant of arrest was issued by Gov. Morrow for Will Jackson, detained in Paducah and wanted in Alexandria county, Illinois, on the charge of larceny. Jackson is a parole violator, having been released from the Illinois penitentiary in July, 1921, under a conditional parole.

**Paris.**—Miss Katherine Evans, of East Moriches, N. Y., was married to Judge Charles A. McMillan, of Paris, at the bride's home in East Moriches. The bride was formerly a teacher of chemistry and biology in the Paris High School. She was active in Red Cross work during the World War, and was in France when engaged by cable to become a member of the Paris High School faculty.

**Frankfort.**—The monthly reports of all tobacco warehouses in Kentucky made to Commissioner of Agriculture Hannah show that during July 2,205,832 pounds of tobacco of the 1920 crop were sold on the Kentucky markets for \$350,491.40, or an average of \$10.93 per hundred pounds. During the same month 206,520 pounds of the 1919 crop were sold for \$24,876.67, or an average of \$12.04 per hundred pounds.

**Louisville.**—Urban Shireliff, 4, 1201 West Market street, suffered bruises about the head and body when he was run over by an auto truck driven by Harry Grosstephen, 936 E. Oak street, at Twelfth and Market streets. The child and his brother were playing in the street when the accident occurred. He was taken to the City Hospital in Grosstephen's machine, where his injuries were dressed. Urban was later removed to his home.

**Paris.**—A large steam road roller belonging to Henry Bickel & Co., of Louisville, who have the contract for rebuilding the streets of Paris, turned over while attempting to cross a ditch on Fourteenth street. The driver, James Mahaney, was pinned beneath the heavy machine, but was released when it rebounded and was uninjured, suffering only the smashing of his watch. When the steamroller broke on the machine a horse occupied by two colored families was filled with the escaping steam, causing the occupants to hurriedly evacuate the premises.

**Frankfort.**—Historic treasures of Kentuckians from all over the state and in some instances from points distant from the home commonwealth, are gradually being gathered together in the old state house here by Mrs. J. J. Taylor Cannon, secretary of the organization, and other officials and workers. During the first seven months of 1921 flags of Kentucky regiments in the World War and a number of irreplaceable articles of historic value have been added to the collection. The latter include a woolen blanket, spun and woven by the wife and daughter of Simon Kenton, famous Kentucky pioneer.

**Bowling Green.**—A government warrant against Chester R. Bunker, editor and manager of the Kentucky Oil and Gas Ledger, until a few weeks ago published here, charges him with using the mails for a fraudulent purpose. He was arrested and lodged in the county jail for two hours. He gave a \$1,000 bond and was released. Bunker is charged with selling stock in the Kentucky Bell Oil & Gas Company, representing that the company had leasehold on 1,200 acres in Southern Kentucky, which, it is claimed, was false, and the object was to sell stock to carry out said scheme to defraud. Bunker is now editing a magazine in Cincinnati.

**Danville.**—Tobacco growers of Boyle county, estimated at 500, gathered at the court house here in the interest of the co-operative tobacco marketing movement. The meeting was addressed by Joseph Passeneau and J. L. Knight, Lexington, and Mr. Marvin, of Georgetown. A permanent organization was effected by electing F. T. Logan chairman, Perry Ingram vice chairman and G. C. Settles secretary. Men were appointed in every precinct in every county to take a personal canvass of the growers for signers, and it is confidently predicted that 75 per cent or more will sign up. To date 275,000 pounds have been signed and the organization is just getting under way.

**Frankfort.**—Rigid enforcement of the present tax law as to all classes of property, division of authority between the State Department of Agriculture and the College of Agriculture, improved pure seed and fertilizer laws, extension of the powers of the State Railroad Commission, and the adoption of the two constitutional amendments, taking the Department of Education out of politics and increasing the aid to weak schools, are endorsed by the Legislative Committee of the Kentucky Farm Bureau, which met recently in Louisville. The bureau will have a representative in Frankfort during the session next winter. No change in the present tax law was included in the tentative legislative program outlined.

**Louisville.**—Josephine Landers, 18 1605 River road, was severely injured and George Moore, 5, also living on the river road, suffered minor injuries when a machine in which they were riding ran into a ditch and overturned on the River road near the Standard Club. Joe Lemline, 1605 River road, who was driving the machine, told the police that he was trying to avoid colliding with another automobile traveling at a high rate of speed and that if he had not driven into the ditch there would have been a head-on collision.

### BAPTIST CHURCH NOTES

The attendance and interest has held up unusually well at the Baptist Church during the vacation period. Most of you have had your vacation and I hope you enjoyed it very much. Now let's take to the work of the Church with renewed interest, gaining much satisfaction and joy in the service of Him who furnishes abiding joys of life.

The pastor plans to put his best into each service regularly each Sunday morning and evening. You need to be on the inside to watch our S. S. grow under the efficient leadership of our excellent superintendent and teachers. No doubt you have already been pleasantly surprised at the growth in attendance and interest in the B. Y. P. U. And the prayer meeting has recently taken on new life.

Let's all start with the first of September to be regular at each of these services.

## WHY SUFFER SO ?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills Barbourville people recommend Doan's Kidney Pills. Ask your neighbor! Could you ask for stronger proof of merit?

Mrs. Maola Davis, Allison Ave., Barbourville, says—"I had kidney complaint and suffered awfully with my back. I got so I could hardly keep going and the action of my kidneys was very painful. My ankles and feet were swollen and I bloated all over. Black spots floated before my eyes and my sight blurred. I used different remedies but Doan's Kidney Pills from the Costello Drug Co. did me more good than anything else. They rid me of all the pains and aches and the swellings disappeared. My kidneys acted regularly and my general health improved." (Statement given Nov. 7, 1916.)

On March 11, 1921, Mrs. Davis added: "All I have said on praise of Doan's Kidney Pills still holds good. I do not know what I would have done without them. They have certainly done me a world of good. A few Doan's now and then keep me free from the trouble I had before I took them."

## A TIP TO OUR FOLK

It is hard work to get folks in most communities to pass the news along to the editor of the home paper. S. A. Mellen, of the Plymouth, Wis., Reporter, tried an unusual slant the other day to stimulate "contribs." Here it is:—

### HAS ANY ONE

Died ..... Had a fire ..... Eloped Had a baby ..... Divorced ..... Had a party ..... Left town ..... Sold a farm ..... Embezzled ..... Been arrested ..... Come to town ..... Had twins ..... Or colle ..... Sold a cow or lost an auto ..... stolen a dog ..... or his friend's wife ..... Committed suicide ..... or murder Fallen from an airplane ..... Fallen into the well ..... Fallen into a leg-acy?

Well, then,

### THAT'S NEWS

So phone it in or mail to "The Mountain Advocate." We make our troubles known.—Contributed

### Keep Up Fighting Spirit.

Be patient with every one, but above all with yourself. I mean, don't be disturbed because of your imperfections, and always rise up bravely from a fall.—Francis de Sales.

### When Spiders Retreat.

Spiders hide themselves in threatening weather. This is because they know insects do not fly about in the damp atmosphere preceding rain, and not because they lack umbrellas.

### Philosophy.

If I live another couple of years I ought to be able to hold out for the rest of my life.—Christiania Tyrihans.

### One Proper Pride.

Pride is one of the seven deadly sins; but it cannot be the pride of a mother in her children, for this is a compound of the cardinal virtues—faith and hope.—Charles Dickens.

## When you come right down to reason, what is there to "discount" tires —

THE next time a friend comes to you all excited about some wonderful tire bargain—ask him how much value he ought to get for each dollar of tire money.

It's astonishing that any car owner today should not know all the tire service he is entitled to.

Nor how to check up between the economy of par quality on one hand—and big discounts, surplus stocks, discontinued lines and retreads on the other.

For two years U. S. Tire makers have been telling the American people all about tires.

They have laid open the tire business from every angle.

They have always led the fight for better tires.

They have consist-

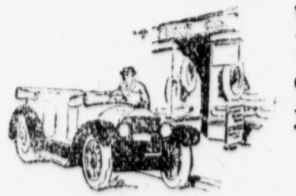

ently maintained quality first standards with certain economy for the tire buyer.

They have established 92 Factory Branches all over the country. Perfecting U. S. distribution so that you get a fresh, live tire every time you buy a U. S. Tire.

So when a man once decides on U. S. Tires he knows what he is getting in quality—service—economy.

In support of his own judgment he gets the pledged word and reputation of the largest and most successful tire concern in the world.

A sound reason for the fact that you see more U. S. Tires on more cars than ever this year.

"You get a fresh, live tire every time you buy a U. S. Tire."

### The U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The city will be inspected for weeds on Monday by the two marshals and those who have not attended to this matter will be subject to a fine.

Rev. J. J. Clifton writes he will hold divine service in the Presbyterian Church the third Sunday morning in September. Episcopalians and friends please note.

Miss Nell Duncan, of 127 South Galt, Louisville, designer for Husch Bros. Millinery, spent last week, a part of her three months vacation, with her sister, Mrs. Chester G. Smith.

Mrs. Holman, Mrs. Geo. A. Smith, Misses Beulah and Barbara Smith and Syd Hopper drove via Wilton to Williamsburg Sunday taking dinner and supper with them which they ate a la picnic.

The Chautauqua at Logan Gap Wednesday, Thursday and Friday of last week, held by Berea College, was a great success. Six or seven schools were represented and the attendance was fine.

Owing to the fact that the well at the Fair Grounds was not up to the standard the directors ordered another well dug to a depth of fifty-three feet to be finished in time for the Fair.

Mrs. G. M. Richards on Wednesday night entertained to dinner Mrs. Grover Lanham, of Corbin, Mrs. W. S. Hudson, Mrs. R. B. Minton, Mrs. Gibbs Lusk, Mrs. James Miles and Miss Roberta Cole.

Mr. and Mrs. D. C. Talbott, of Indianapolis, Ind., are here on a visit to Dr. and Mrs. G. H. Albright. They came thru by car picking up Mr. and Mrs. Charlie Black, of Hamlin, W. Va., at Lexington and delivering them safely to home folks.

Educational week will close Saturday, Sept. 10, with address by Gov. J. D. Black, Sawyer A. Smith, T. B. McGregor Assistant Attorney General, and others. The meeting will be held at the Court House at 1 p.m.

J. A. and B. S. Edwards, who are selling the Hiawatha Phonograph, and also standard pianos, report business fine. Anyone wishing either a phonograph or a piano will do well to drop the gentlemen a line and they will be pleased to call and demonstrate what they have for sale in the musical line.

Rev. O. G. Ragan, of Pineville, came in Monday to see Ralph Nunery, the Sunday School Secretary for this district who is sick at the Logan Infirmary but is improving. Mr. Ragan reports all work in the district is doing well. Six parsonages are under construction and five churches have been built recently.

The sale of the Squire Thomas Hubbard farm on Manchester Street which was held Tuesday was a complete success. J. Fred Catron took the baby farm and the lots sold like hot cakes, a sure sign that many people in Barbourville intend to own homes. The sales amounted to more than \$11,000.

Judge J. D. Main has received the agency for the sale of a photograph of a cemetery which embraces some trees. The picture is a snow scene and there is a curious resemblance to a human figure in the branches of the trees, which it is claimed resembles the Master even to the crown of thorns.

Earl Mayhew was at Swan Pond Tuesday in the interests of the School Fair which is becoming one of the great features of a better agriculture. Three schools took part in the meeting. Miss Paulsen, of Berea College, was present at the meeting. Basket ball and baseball games were played during the meeting of the schools.

Fred Kelley, of Fighting Creek neighborhood, was arrested Saturday on a charge of bootlegging. It is alleged that Kelley sold whiskey to three men. When Deputy W. H. Johnson approached and looked at Kelley, the latter ran and entered the shoe shop of Dan Payne, passed thru into a little room where he was arrested by Deputies W. H. Johnson and Russ Baker. He was bound over to Judge J. D. Tuggle under a \$500 bond to appear before the Grand Jury.

Advocate Printing quickly done.

### SLUMBER PARTY

### BALMY PEACE

"IN THE sylvan solitudes," said the wild man of the woods, "a man doesn't see any magazines and doesn't receive any bulletins from the health authorities, so he enjoys a peace that is never known in the busy haunts."

"There a man simply has to subscribe for a lot of magazines, as a matter of self-defense. Canvassers are after him all the time. Some of the canvassers are lone widows with many children to support, and others are energetic young men who are trying to work their way through the veterinary college."

They are deserving people, and you feel it a duty to help them along, so the first thing you know your mail box is jammed full of literature. Having paid for it, you feel that you ought to read it, and your life is ruined thereby.

"When I was young, the magazines tried to entertain people. They had good stories and a Post's Corner, and a department devoted to timely jokes, and another to household hints and domestic recipes. There was some sense in reading a magazine then, for it soothed and sustained you. But nowadays the magazine editors consider it their duty to harrow your soul and make your hair stand on end like quills upon the porcupine's back, or words to that effect. They are always viewing with alarm, and trying to convince you that you take your life in your hand every five minutes."

"They have a lot of health specialists writing for them, and these health sharps point out that pretty near everything you eat and drink is a deadly poison. They didn't scare me to any great extent, for I am a most intrepid man, but they soon had my wife so rattled she didn't know whether she was eating or coming."

"I always was passionately fond of a good cup of coffee, and my wife could make the best coffee, you ever heard of. She went to work at it like a learned apothecary compounding a prescription. There was no guess work about it. She took an honest pride in it, and her coffee was a revelation to every consumer. I used to lie awake at night wishing it was breakfast time, so I could have my morning cup of coffee."

"But one morning when I went to the table the coffee was missing. In its place there was a sickly beverage I had never seen before. I asked an explanation, and my wife said that no more coffee would be made in our house. 'The wonder is,' said she, 'that we still live and move and have our being, for coffee is a rank poison. If you read Dr. Zinkfoogle's article in the'

**Junkfoogle's Magazine.** You will see that coffee contains a large percentage of tannin, which is so deadly that if you place a drop on the tongue of an alligator, it will roll over, dead."

"I told her that I had no alligators on the premises, and consequently could not try the experiment, but I assured her that I didn't care anything about the poison. I wanted my coffee at regular hours. She said I'd have to keep on wanting. She thought too much of me to send me to an untimely grave. And, anyhow, she explained Dr. Zinkfoogle had told how to make a substitute for coffee that was perfectly wholesome. She had followed his instructions, and the result was before me. Perhaps it didn't taste as good as coffee, but it was wholesome. It would fill my veins with red corpuscles and restore hair to my bald head. It was made of marrowfat peas which had been carefully roasted in a hot oven."

"In order to get a cup of coffee after that, I had to make a sneak to the chop house, and the kind dished up there made me old before my time. My wife cut out all my favorite dishes because Dr. Zinkfoogle or some other magazine writer denounced them, and finally I was living on roasted peas coffee and boiled spinach, and I concluded that if I had to feed like the cows I'd live like them, so I came to the forest fastnesses."

### "Marriage Breaker" Busy.

One of the deplorable results of bolshevik misrule in Russia is the installing of a "breaker of marriages" in Petrograd, who is said to be granting more than 500 divorces a week. No investigation is necessary, the only requirement being the signature of the person desiring freedom from marriage.

### A Helpful Hint.

"Ar-r-r-r!" growled a hypercritical customer in the rapid fire restaurant. "This confounded piece of meat is so tough I can hardly eat it!"

"Get it down on the floor where you can put your foot on it when you gnaw it," briskly returned Heloise, the waitress.—Kansas City Star.

### The Difference.

"A good housewife is very different from a good husbandman."

"How so?"

"She is always sewing tears."

### How Eyebrows Tell Character.

There is madness in the meeting of the eyebrows, according to the latest medical theory. Various forms of mental derangement show characteristic anomalies of the eyebrow, and these anomalies tend toward the conventional joining of eyebrows of the villain.

An Italian doctor has found that in dementia praecox (gradual weakening of the mind) there are nearly always short, bushy hairs meeting in the space between the eyebrows, and a noticeable thinning toward the external side.

### How Reptiles May Rule World.

The world may be ruled by a race of biped reptiles in 1,000,000 years or so, according to J. A. Thompson, professor of natural history in Aberdeen university. The collared lizard of New Zealand, he explains, is already learning to become a biped, and if it masters the secret of man's supremacy the rest may follow.

### The Story of Our States

By JONATHAN BRACE XVI.—TENNESSEE

THE history of Tennessee stretches back to the year 1541 when De Soto with his party of Spanish adventurers probably reached the present site of Memphis on the Mississippi. The French under La Salle built a fort here about 1682. The English also laid claim to this territory, including it in the grant to North Carolina. It was not until 1770 that the first permanent settlement was made by James Robertson and this was soon followed by many other settlers from North Carolina. They formed what they called the Washington district, but this was short lived as it was promptly annexed to North Carolina. In 1784 the inhabitants, indignant over North Carolina's attitude toward them, declared their independence and formed the State of Franklin or Frankland. As this secession was not countenanced by North Carolina, for a number of years a state of confusion existed with two sets of officers trying to govern. Meanwhile the settlement suffered severely from hostile Indians and from the Spanish, who still held Louisiana, and controlled the Mississippi river. In 1790 North Carolina finally ceded this territory to the United States. By 1796 the population had increased to over 60,000, so Tennessee was admitted as the sixteenth state of the Union.

At the outbreak of the Civil war, Tennessee joined the Confederacy. In 1863, when the state was readmitted to the Union, there was much disorder during the reconstruction period. This led to the formation of the Ku Klux Klan, the influence of which quickly spread throughout the Southern states. This secret organization took into its own hands the suppression of crime and the administration of justice. Tennessee contains 42,022 square miles, and is sometimes called the Volunteer state. It is named after its principal river, which is a Cherokee word meaning "Crooked River" or "bend in the river."

### New Idea for Ladder.

A new ladder has no rounds, only two steps, one for each foot, which slip up and down in slots along the sides of the ladder. Ascent is made by dragging one foot after the other. Ratchets hold the steps in whatever position they are pressed.
